# 14 OZ MULTI-PURPOSE CARTRIDGE

NEW

*PCI, your trusted source for high-quality containers and packaging solutions, has expanded its product line again! Meet the industry's 100% plastic, 100% American-made 14-oz. retail-ready cartridges, perfect for grease and other applications.*

## FEATURES

- Made with 100% Polypropylene (PP) plastic
- Waterproof and weatherproof packaging and printing
- Leak-resistant packaging
- May increase product shelf life\*
- Conforms with DIN 1284 and meets stringent California SB 54 post-consumer resin (PCR) standards, using 30% PCR material
- Compatible with standard 14 oz cartridge caps

56 mm Diameter x 230.3 mm L

## PRINTING OPTIONS

Work with our print experts to make your brand and product stand out! Our full-photo quality labeling process gives you ultimate control to stand out from your competition. Bring your ideas and let our design production team deliver a custom solution that wins at retail.

- In-Mold Labeling (IML)
- Full-color, photo quality

## APPLICATIONS

Have a unique packaging challenge? Our experienced production and supply chain professionals are committed to providing solutions that are responsive, scalable, and tailored for your business. This is why PCI is always growing our product portfolio to meet customer and industry needs. Our new multi-purpose cartridges are perfect for multiple industries. Plus, due to PP properties, your product may experience a longer shelf life and be able to withstand higher pressure and temperatures due to packaging alone. Our 14-oz. cartridges are perfect for:

- Automotive - heavy-duty and synthetic grease
- Food production and processing industries - food-grade grease
- Multi-purpose machinery and equipment - lithium

**All PCI products are engineered, built, and shipped from our centrally located U.S. operations. Get your fully customized cartridge packaging in just 4 weeks.**

**Let us help coordinate a product program to help optimize production line to shelf time!**

**To place your orders, contact your customer service representative today at 800-962-6788 or e-mail [customerservice@polycontainers.net](mailto:customerservice@polycontainers.net).**
